Welcome!

At Safeguard Coaches, we're proud to have served the people of Guildford and beyond for 100 years... and counting!

Join us as we celebrate this landmark anniversary with an exciting afternoon of family-friendly fun for the young and not-so-young at Guildford Cathedral.

Throughout the afternoon, there'll be heritage bus trips looping around Park Barn or into town and back operated by a collection of our old fleet and other classic buses from around the South.

At the Cathedral we'll have family entertainment including activities, music, community stalls, a display of vehicles old and new, and food to purchase.

It's a free event but sales of our centenary booklet will support the Fountain Centre charity in Guildford which offers support when an adult in a family is diagnosed with cancer.

We're looking forward to you all joining us as we celebrate being a family-owned business since 1924!

A great cause, close to our hearts!

When an adult in the family is diagnosed with cancer, it affects the whole family. Approximately a quarter of all cancer patients are parents of children or teenagers.

The emotional and practical impacts on children of parental cancer are immense and long lasting.

The Fountain Centre is an independent charity in Guildford that helps families and children during this difficult time.

They provide emotional and holistic support, including helping parents talk to their children about their cancer diagnosis and allowing children to express their worries and fears.

Following the recent loss of a colleague, aged 49, to cancer this is a cause very close to our hearts.

100% of the sales of our centenary booklet, available to purchase on 16th March 2024, will be donated in support of the Fountain Centre.
